Reaction							
skin	Foreign Body (Eye)		project	Operator One	3	1	3
hand/foot	Confusion (Breath)		job	Breaker install	3	1	2
Push Heavy	Strain/Sprain		job	Breaker install	3	1	1
CS2	Strain/Sprain		job	Breaker install	3	1	1
Strain/Sprain			job	Breaker install	3	1	1

## JSAplus means Return on Investment:

*JSAplus can immediately deliver ROI:*

- \*60% reduction in analysis time*
- \*90% reduction in administrative time*
- \*ROI in as little as a single study*

*\*compared to manual transcription or excel software*

Use JSAplus to streamline your Risk Assessment Duties in any industrial work environment. This tool is a revelation for safety professionals for documenting hazards, getting recommendations on controls, and prioritizing hazardous jobs for improvement.

JSAplus was created and utilized by Human Engine, Inc.'s job safety consultants out of the need for easy and efficient data entry capabilities. The handheld PDA will quickly capture relevant data which is uploaded to your P.C. for documenting and reporting. The information is easily maintained and updated, which allows for relevant, current, and accurate data to be used in audits and other regulatory requirements.

JSAplus will generate reports customizable to your own internal standards and guidelines. Use colors and features to adjust and highlight reports for management, corporate, legal, regulatory compliance, and more.

JSAplus is affordable, easy to use, and delivers ROI in as little as a single study. Visit [www.JSAplus.com](http://www.JSAplus.com) for more information.
